

Be a Zoar Star...

Volunteer!

Zoar volunteers play the most important part in the village! You bring Zoar to life every time you smile at, speak to, or give a tour to a visitor.

Costumed tour guides and interpreters learn how to cook over an open fire, dip candles, make tinware, blacksmith, do simple woodworking, and make butter and cheese.

Not interested in an acting career? Zoar volunteers also care for the three-acre public garden and small kitchen gardens, maintain the historic buildings, and help to run the Zoar Store and Visitor Center.
